Welcome To Eklavya Street Play Club

Eklavya Street Play Club is a community of passionate performers who bring stories to life on the streets.

Join us for exciting performances and creative expressions! Street theatre is a form of theatrical performance and presentation in outdoor public spaces without a specific paying audience.

These spaces can be anywhere, including shopping centres, car parks, recreational reserves, college or university campus and street corners.

They are especially seen in outdoor spaces where there are large numbers of people.

The actors who perform street theatre range from buskers to organised theatre companies or groups that want to experiment with performance spaces, or to promote their mainstream work.

It was a source of providing information to people when there were no sources of providing information like television, radio etc. Nowadays, street play is used to convey a message to the crowd watching it.
